

## The Nevada National Guard Association:

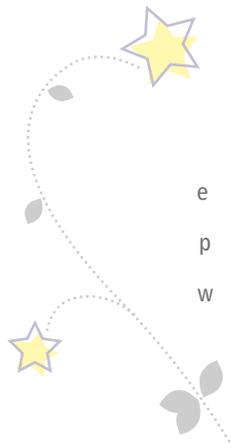

- 1) Promotes and supports the National Guard of the State of Nevada in furthering its federal and state missions
- 2) Fosters and improves the status and relationship of the National Guard of the State of Nevada with governmental agencies at all levels within the state, and the general public
- 3) Promotes and works with the National Guard Association of the United States in its programs and activities to improve the readiness and capabilities of the Army and Air National Guard of the United States as a component of the armed forces of the United States

Consistently graded as an exceptional unit, the Nevada Guard's 92nd Civil Support Team is one of the nation's most active, exercising with local, state and regional emergency responders on a regular basis. With the round-the-clock Las Vegas backdrop, these Guardsmen keep themselves on the cutting edge of technology and procedures.

Our experienced C-130 crews are capable of expanding myriad ways and with our prime location in the west, we're keenly poised to expand into the Mobile Airborne Firefighting Systems mission.

Corporate Membership Program

## Battle Born, Battle Tested

The Nevada National Guard Association (NNGA) is the professional organization that represents the nearly 4,200 Nevadans who proudly serve their state and nation in the Nevada Army and Air National Guard. NNGA is an active affiliate of the National Guard Association of the United States.

The officer association works closely with the Nevada Enlisted Association and together with the senior leadership of the Guard, public officials at all levels and industry to pursue mutual goals. NNGA has the contacts and the credentials to be effective at the national and state levels.

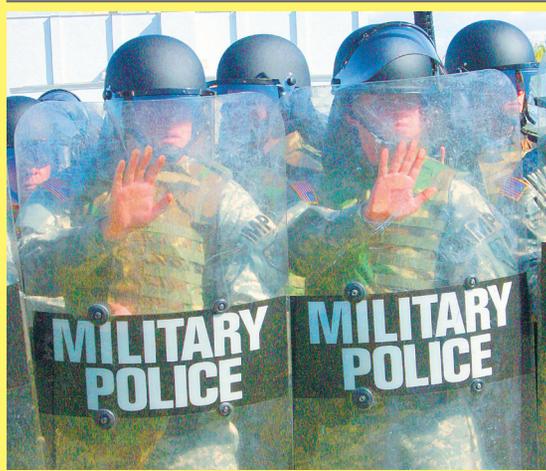

NNGA members serve as leaders on many national taskforces and committees. Because the Nevada Army and Air National Guard have such varied mission sets and weapons systems, we have a seat at the table providing input across the spectrum of defense policy and issues.

At its annual conference, NNGA considers resolutions to address issues of national and state importance. These resolutions shape the legislative priorities for NNGA for the year ahead. Many resolutions considered at our annual conference have been enacted as federal and state laws.

Additionally, resolutions addressing national issues go forward to NGAUS and for consideration at their annual national conference.

## Corporate Membership Benefits

	Platinum \$3,000/yr	Gold \$2,000/yr	Silver \$1,000/yr

The Nevada Army and Air Guard has multiple military police and security forces units in several communities in the Silver State.

Battle Born Guardsmen have a long history of reconnaissance and intelligence missions, dating back to RF-101 Voodoo aircraft. Today our intel reach encompasses all facets of information gathering and dissemination.
